You will absolutely love the bone, foot size, and balance of this past donor cow. She is sired by the heavily muscled and stout EXLR Polled Benchmark. Her dam is a full sister in blood to AUTO Elite 270F, AUTO Louana 280F. 19M is just near perfect when you look at her and she is one of the finest looking females to ever step foot on Tennessee soil.
Safe. Bred 1/19 - 3/15/09 to Deer Valley Direction 7117 (Angus).
