138A: 210W • B • 2/13/09 • 91 lbs • by DVFC Blue Chip 234S.

ANLC 3134N is a 50% Lim-Flex female that is double black and double polled. She is sired by the great COLE First Down Son ANLC 0123K and out of a Vermilion Angus cow on the bottom side. She has tremendous maternal characteristics with a 30 for milk, .03 for marbling, and a 46 MTI. 3134N is a sound, deep-sided female that looks tremendous in production.

Owned with Express Ranches.

139A: 304W • H • 3/24/09 • 70 lbs • by MNWS Frontier 507R.

Sired by the popular KRVN Naskar 013N, MAGS Shooting Star is homozygous polled and double black. The Naskar cattle are topping sales all over the country. Naskar combined with Wulf Hunt on the Dams side, have produced a very efficient, yet stylish female. 394S has a 12 for CED and a .86 for REA. These EPD's along with the moderation and fleshing ability that Shooting Star has is a female you will want to consider on sale day.
